

### ***Treasure Hunts on iPads & mobiles***

We offer a unique digital app with pre-loaded games designed to your agenda for any location worldwide!. The app uses GPS technology. Icons appear on a map and when you get close to the location an exciting task or challenge pops up. Record a video, take a photo, solve a riddle, perform a task - you never know what coming next until the task is activated.

## ***Retro - Treasure Hunts with Polaroids style instant cameras.***

Our retro treasure hunts are great fun and can be set up for just about any location worldwide. Delegates are given a clue book and map with a set of tasks that they have to find and photograph for points. You get to keep all the instant photos afterwards which looks great as a montage at a conference or in your office.

**Treasure Hunts on Bicycles** What's not to like! Enormous fun and riding a bike allows you and your team to explore and experience an area in a way that allows you to really appreciate your surroundings. There's a huge sense of achievement having completed this challenge. Challenges are designed to suit any level of fitness (or lack of it) and no previous cycling experience is necessary. Full safety equipment, briefing and guides are provided

***Treasure Hunts in cars, taxis or a fleet of Mini Coopers.***

This is an incredibly exciting way to explore any area / region whilst working in teams to get to locations, solve challenges, and earn points. Whether it's in Taxis or a fleet of Mini Coopers, or even your own car – you will enjoy cruising along country lanes, through city centres on a journey of discovery.

*Whatever style of treasure hunt you want – we'll design one that's perfect for you! We've done many hundreds all over the world – so we know what we are doing! Just Tell us your dates, your numbers of people and we'll do the rest!*
